Beskrivelse

Metos Green Club PU-S is a single-unit professional semiautomatic espresso coffee machine with reduced dimensions and high performance. The PU/S semiautomatic with integrated water tank and softener is ideal where there is not a connection to the waterworks. The PU-S-version is conceived with a manual on/off button. It has standard autolevel, single-scale manometer for the visualisation of boiler pressure, built-in vibration pump. Provided with a multidirectional steam wand for preparing creamy cappuccinos and hot beverages and a hot water tap for tea. The automatic version allows the beverage programming through the electronic push button panel.
