

Barkøleskab med glasskyverdør Metos Maxiglas MG3/500SD

Produktdata

Varenummer	4132428
Varenavn	Barkøleskab med glasskyverdør Metos Maxiglas MG3/500SD
Størrelse	900 × 530 × 1800/1825 mm
Vægt	95,000 kg
Kapasitet	480x33 cl flaskor, volym 500 L
Teknisk informasjon	230 V, 6 A, 0,245 kW, 1NPE, 50 Hz
Kjølemedie	R600a

Beskrivelse

The Metos Maxiglass MG3/500SD glass sliding door cooler is mainly designed to display bottled drinks and beverage containers in an aesthetically pleasing manner as well as the preservation of various drinks at a suitable temperature. Enhanced technology and unit components make the cooler more energy efficient and therefore more environmentally friendly without having to make any compromises in the appearance of the unit or its cooling capacity.

The height of glass door cooler Metos Maxiglass Noverta MG3/500SD is 1800 mm, which ensures high capacity of 500 litres and holds 480 0.33 l bottles. Effective and energy-efficient fans ensure the uniform and quick circulation of cold air in the entire cooler. Refrigerant R600a used is environmentally friendly. Cooler temperature can be adjusted

between +2 °C...+18 °C (factory setting +6 °C). Temperature regulation and indicator are located on the exterior surface of the cooler. Glass door frame and guard plate are anthracite, the exterior of the unit is comprised of an anthracite and steel lining. Handy sliding doors do not take up space, so that the cooler can be readily used in tighter spaces. The Metos Maxiglass MG3/500SD glass sliding door cooler has five adjustable flat-shelves. LED lighting provides bright and uniform lighting and temptingly accentuates the drinks. The lighting has a separate switch. When the lighting is switched off, the cooler will continue to be cooled.

Smooth surfaces and removable flat-shelves and shelf carriers simplify the cleaning of the unit. The cooler has rapid automated defrost function, featuring evaporation of defrost water. The door has a lock.

- high model (height 1800...1825 mm)
 - two sliding doors
 - capacity 480/0.33 l (Ø60 mm) bottles
 - volume 500 litres
 - the temperature can be regulated between +2°C...+18°C
 - five adjustable flat-shelves
 - door lock
 - LED-lighting with dimmer switch
 - door frame and kick plate are anthracite, the frame is anthracite and steel lining.
 - replaceable door seals
 - automated defrost and defrost water evaporation
 - electronic thermostat
 - refrigerant R600a
- SUPPLIED SET INCLUDES:
