

Feed hopper and cylinder Metos RG-300i

Produktdata

Varenummer	4132518
Varenavn	Feed hopper and cylinder Metos RG-300i
Størrelse	mm
Vægt	11,000 kg

Beskrivelse

Feed Hopper makes RG-300i vegetable slicer extremely time efficient, as this accessory allows continuous filling by the bucket load primarily when preparing round products. This provides very high capacity as the machine runs continuously, automatically pushing the product down towards the cutting tool.

Delivery includes:

- Feed hopper
- Special cylinder to be used with feed hopper
