Vægt	106,000 kg
Kapasitet	165 faskor 0,75
Teknisk informasjon	220-240 V, 0,22 kW, 1NPE, 50/60 Hz, 40 dB
Energiklasse	G
Net volum, l	350 liter
Kjølemedie	R-600a
Mængde kølemiddel, g/kg	55

Beskrivelse

The wine cabinet Metos TFW400-F is designed for the aesthetically attractive display of wine bottles and for storing them at an appropriate temperature.

The wine cabinet Metos TFW400-F has a net volume of 350 litres and holds 165x 0.75 litre bottles. The temperature range is adjustable from + 5°C to + 18°C. Temperature control and display are located inside the unit. The fans provide a constant cold air circulation throughout the cabinet. The refrigerant is environmentally friendly R600a.

The wine cabinet has 15 wooden shelves. LED illumination gives bright and even light and brings drinks to the fore. The light has a separate

switch, so closing it does not turn off cabinet cooling.

The exterior and interior liner of the appliance is black-painted. The right-handed glass door is frameless and has a stainless steel handle. The door is interchangeable. Smooth surfaces, removable shelves and automatic defrosting make it easy to keep the device clean.

- frameless glass door, whose handedness is interchangeable
- capacity 165 pices/750 ml bottles
- net volume is 350 litres
- adjustable temperature from + 5°C to + 18°C
