Beskrivelse

The Metos M-series ice makers are efficient, heavy-duty ice machines with a separate ice tank as an accessory. Optimal ice storage can be guaranteed, as ice cubes fall directly into a separate ice tank when they are ready. The ice cube is adjustable which guarantees a wide range to suit everyone's needs. This is why the M-series' ice machines are perfect for nightclubs, large restaurants, fast food restaurants, hotels, and movie theaters.

Special attention has been paid to the hygiene and ease of use in the design of the machines. The machines have an automatic washing system that ensures easy cleaning. The internal cleaning and maintenance of the machine is also effortless due to easy access. The frame of the machine

is made of wear-resistant and easy-to-clean stainless steel. The controls of the machines work electronically, which allows the detection of malfunctions and can be used to determine the efficiency of the machine.
